

Chris Seifert

**Empowering Leaders | Elevating
Decision-Making | Championing
Principled Entrepreneurship**

Chris Seifert is an operational leader, speaker, and author of *Enabling Empowerment: A Leadership Playbook for Ending Micromanagement and Empowering Decision-Makers*. With over 25 years of experience leading and advising multi-billion-dollar companies, he specializes in transforming teams using Principled Entrepreneurship and his Decision-Making Framework. His work promotes empowered decision-making and strategic alignment for sustainable performance.

Chris has served as an officer aboard a US Navy submarine, as a Plant Manager for multiple manufacturing plants, and as VP Operations for the world's largest biomass manufacturer. His insights come from real-world experience leading and advising companies in complex, high-hazard environments.

Chris's Most Requested Topics

Principled Entrepreneurship

Inspire resilient, future-focused teams to think and act like business owners.

Breaking Free from Micromanagement

Build leadership capacity by helping teams grow confidence in their own decisions.

Flexible Decision-Making Framework

Equip leaders with tools to adapt quickly, align decisions, and avoid common traps.

Avoiding Hidden Decision Traps

Uncover the unseen biases and pitfalls that undermine speed, readiness, and performance.

Key Messages for Leaders

- Decision-making is a teachable skill, but mastery takes practice.
- Teams that make better, faster decisions are more resilient and future-ready.
- Micromanagement rarely stems from intent — it's usually a gap in capability or capacity.
- Real engagement comes from purpose and agency, not surface-level perks.

Christopher Bulls CSP, SMS^{1st}
EHS Professional | Director | Management Systems | Operations | Security

I've seen Chris speak to a single audience of individuals who ranged from High School graduates to PHD's and he was able to captivate all of them. His presentation and teaching style engage the entire group and keep them engaged until the end.

Pricing: Keynote presentation pricing typically ranges from \$2,500 to \$7,500, depending on customization and group size.
